

Sacramento365.com Regional Guidelines

Sacramento365.com is a comprehensive, year-round events website for the city and county of Sacramento. Its mission is to provide a source for events to residents and travelers in the greater Sacramento region. To remain relevant to its users, Sacramento365.com uses the following regional guidelines for events listed on the site:

1. Events are held in Sacramento County
2. Beyond Sacramento County, we do accept event postings in Davis, West Sacramento, & Roseville (but do not yet actively seek these out due to lack of resources)

The *only* current exceptions to these regional guidelines are:

1. Events associated with members utilizing a Sacramento365.com widget on their site
2. Events held during the month of October only that are a part of Artober celebrations and take place in Sacramento, Placer, Yolo, or El Dorado counties, or the equivalent.

Sacramento365.com seeks to expand the inclusiveness of the site to include surrounding areas (within a 25-mile radius of Sacramento city center) through partnerships and sponsors.

Thank you for your interest!
